IMPACT 2025 Q1

Marketplace Solutions

OUR FIRST QUARTER NEWS IS QUITE FRANKLY – AMAZING!

On February 24 & 25, 2025 I joined our TL Director for Rwanda – Enock Kamau and his wife Florence for the Women Entrepreneurs Leadership Seminar in Kigali, Rwanda. Below is Enock's account

"At the Kigali Seminar, the concepts of forgiveness and self-identity resonated deeply with our participants. The emphasis on recognizing our true identity—as "more than enough"—inspired a shift away from the false mindset that gets in the way of individuals and entrepreneurs. The focus on forgiving both ourselves and others, opened a pathway to stronger, more empathetic leadership."

I don't know if I can truly explain what took place in that room. I can say that the level of reconciliation and healing was so profound that many individuals will not be the same. The power of forgiveness in anyone's life is transformational.

We then traveled to Mombasa, Kenya where we met up with about 45 delegates from 6 different countries for our second TL Summit on February 27 to March 2, 2025.

"Last week, I had the incredible opportunity to attend the Transformational Leadership Summit, and I'm still in awe of the experience. It was nothing short of magical—eye-opening, inspiring, and deeply impactful. Concepts I thought I understood were presented in such innovative ways that they sparked new ideas and possibilities for growth. This summit was a reminder that leadership is a journey of continuous learning and transformation. I'm already looking forward to the next one!"

OUR TL SUMMIT HAD 3 PRIMARY THEMES – CHANGE, HEALING AND HOPE.

Our Change focused on the following –

- Be strong and courageous.
- Be gentle and humble
- Shift from asking WHY to asking WHAT FOR
- Be transformed by renewing your mind
- BE-COME all that God has created you to BE

"By embracing these principles, we can sustain our energy, nurture a generous spirit, and positively influence those around us. I am truly grateful for the valuable insights, inspiring conversations, and the opportunity to learn alongside so many passionate leaders."

–Enock Kamau, Strate Scope, and TL Coordinator Rwanda

What might be hindering you from becoming all that God created you to be?

We believe that it is our role to raise up a generation of Transformational Leaders around the world. While that role is daunting, we are committed to building a foundation that can be replicated across multiple spheres of influence.
