

## Q2 [MPS](#) Newsletter: The Transformational Impact Continues

**Raising up a generation of Transformational Leaders**

### [BEYOND U.S. Impact](#)

There is no better way to start off this report than with the 'Good News' and impact from our recent Beyond U.S. Charitable Golf Event.

On Monday, July 14<sup>th</sup> - we had the wonderful opportunity to gather some 72 golfers for our 5th Annual [Beyond U.S. Charitable Golf](#) Outing and Fundraiser. We not only had a great day of golf – we raised \$40k to help cover our ongoing global initiatives and development that are mentioned in the highlights below.

### Q2 Highlights: [South Africa Rising](#)

In May we traveled to Cape Town, SA to join up with our partners – [UE / Courageously Ethical](#) and expand the Transformational Leadership footprint in several key areas. This expansion opened the door to a powerful week of development with over one hundred business and non-profit sector leaders. Since then, the Transformational Leadership On Demand (TLOD) training courses are being used for capacity building with leaders to impact key areas of their communities.

In addition to this key initiative, we connected with a brand-new partner at [GLA – Global Leadership Academy](#) in Jeffreys Bay, SA. This group, being less familiar with TL and its potential, was so appreciative that we are investing even further for 2026. Stay tuned.

*“What an amazing training. My eyes are open, and my heart refreshed. Thank you for sharing these transformational tools with our community.”*

## Want to make a Sustainable Investment into a Ministry in Kitale, Kenya?

Over the years we have been able to partner with several ministries that need sustainable models for generating income. Recently we purchased a corn processing machine for Pastor John Nabruk, Liberty Ministries in Kitale, Kenya. This machine will speed up the process of making grain for consumption and make it available for resale in the local market. **\$1000 USD to help us cover the cost for this project.**

## Challenges and Opportunities

While Marketplace Solutions continues to offer substantial benefits through our Transformational Leadership training and development, we are challenged by global tensions, divisions, distrust, and sustainability. Our opportunities are now.

We travel to East Africa on October 6<sup>th</sup> to work with leaders in both Rwanda and Kenya. If you'd like to [invest in that effort](#), we welcome your partnership.

Serving, equipping, resourcing leaders of leaders is essential. Again, thank you for partnering with us as we [raise up a generation of Transformational Leaders](#).
