

TWENTY YEARS OF INFLUENCE AND IMPACT

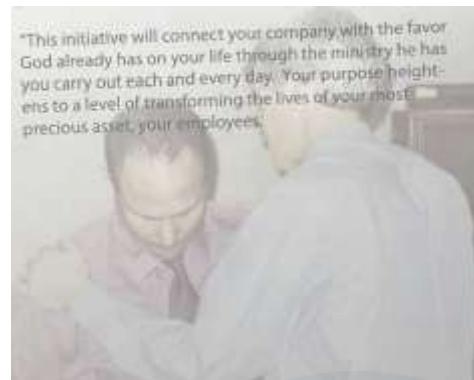

Twenty years ago, **Marketplace Solutions** began with a simple vision: to Equip, Connect and Mobilize leaders to make a difference where they spend the majority of their lives – the marketplace. Within less than two years that vision evolved into equipping transformational leaders who build transformative cultures by developing **new** transformational leaders.

Propelled by Partnerships

From the moment this vision was first shared, it has been partners who have fueled the momentum of Marketplace Solutions. In **2006**, we laid our foundation through a transformative partnership with GBS Corp. and their then President, Eugene Calabria. What began as an invitation to work with his leadership team quickly blossomed into a vibrant community of like-minded business owners and leaders, gathering monthly for the Executive Exchange roundtable. This initiative flourished, planting the seeds of a vision that reached beyond profit and one that inspired leaders to make a lasting impact on people. The influence and impact set in motion during those early days continue to shape our journey in the days to come.

2008 A Transformational Shift

In the fall of **2007**, while attending an international conference in Buenos Aires, Argentina – God introduced me to Ford Taylor. That friendship quickly evolved into a **transformational shift** for both myself and MPS. Over the next two years, along with maturing and growing as a transformational leader, I integrated TL – Transformational Leadership into what would be used over the course of these past 16 years as our influence and impact resource.

When we invest in the development of others we are investing in the future. The future is brighter than many believe right now. Your partnership with us is making a difference!

TWENTY YEARS OF INFLUENCE AND IMPACT

2013 Marketplace Solutions Expands Globally

Global leadership development wasn't initially part of my vision. That changed unexpectedly — when a phone call from Nigeria in **2013** and an encounter with a Pastor from Rwanda during a visit to Columbus opened new doors. Soon after, I found myself boarding a plane, bringing Transformational Leadership to Nigeria and Rwanda, marking the beginning of Marketplace Solutions' international journey.

Reconciliation – A ministry for every leader!

At the very heart of our journey in developing leaders lies the transformative power of reconciliation. We are called to bridge divides — helping people not only recognize what separates them but also empowering them to overcome the barriers that keep them from flourishing. ***This is more than a process; it is a movement of hope and restoration.*** I invite you to reflect on 2 Corinthians 5:17-21 and discover your place in this story of renewal and purpose.

Over the past thirteen years, Marketplace Solutions has planted seeds of change across Africa and Asia. Last year, leaders from seven nations gathered in Mombasa, Kenya, united by a vision to spark transformation that reaches far beyond our own borders. Their courage and commitment are creating ripples of impact in places we may never see, building a legacy that will inspire generations to come.

As we step boldly into a new year and a new decade, we invite you to join us—through your prayers, your partnership, and your belief in a brighter future. Together, we are making a difference. Thank you for investing your time, talent, and treasure in this transformational journey. The future is brighter because of you.

“As a communication professional, it reinforces that leadership influence is communicated long before it is spoken. The way we live, listen and respond speaks louder than any message we craft. Communication is not just what we say, it is how we influence.” - - Bruno Tabbu, Kijabi Hospital, Kenya

Join us with a 2026 Partner gift – Marketplace Solutions – a 501c3 Nonprofit

567 S. Fifth St. Columbus, Ohio 43206
